Stephanie/Scott:

Attached is an update of corrected validated data collected pursuant to the Background Benthic Survey QAPP Addendum (sediment data). This submission replaces benthic sediment sample depth interval data originally submitted to EPA on March 18, 2013.

Please see the ddms cover letter for data update details.

Please note that the attached zipped data files have been provided as a "ZZP" file and the file extension should be re-named "zip" to open it (in the event EPA's e-mail system rejects this type of file).
